POWERFUL DISCOURSE

Delivered Sunday by Dr. Venen.

LARGE CROWD PRESENT

At the Tent of the Seventh Day Adventists.

"The True Israel of God" the Subject of an Interesting and Instructive Sermon.

A large and interested congregation was present Sunday at the services held by the Seventh Day Adventists. Dr. W. J. Venen spoke on the theme "The True Israel of God." In part he spoke as follows:

"In Revelations 3:5, 12 and 20, we read that those whose sins are forgiven, those who are to reign with Christ throughout eternity are called 'overcomers.' What have they overcome? Sin, and sin is transgression of the moral law, the ten commandments, so they have overcome transgressing the moral law. In James 2:10 we learn that those who transgress one point in the moral law are guilty of all so these obey every word of the ten commandments.

"An Israelite is one, who prevails with God said the angel to Jacob after the night of wrestling in Genesis 32:28. It is unreasonable to believe that one who is unwilling to 'overcome' every transgression can have power with God and prevail, so an overcomer is an Israelite."

"Fleshly Israel did not wrestle with God as did their father Jacob. They did not overcome or prevail. Instead, their history shows that it was necessary for God to almost continually wrestle with them, to frequently inflict severe punishments upon them for their transgressions. Instead of being the missionaries whom God called to give his law to the world, they hid His word. His law 'under a bushel' and that bushel was 'the commandments of men.' 'In vain do they worship me, teaching for doctrine the commandments of men' said Jesus. The law of God was all right, but the Jews had 'made it void by their traditions.'"

"It finally became necessary to take the name Israel from the Jewish nation and give it to a people who would overcome sin and prevail with God. When Paul preached to the Gentiles he did not teach them to remain Gentiles, instead he taught them to cease being Gentiles and become Israelites. To some of his converts, he said in Eph. 2:11 that they used to be Gentiles, so they had ceased being such and had become a portion of spiritual Israel. God says that a Gentile is one who is 'without God and without hope in the world.' Eph. 2:11-12, so one who claims to be a Gentile claims that he is of a class who are without God and have no hope. God is pleading with fallen men, Gentiles, today to cease transgressing his holy law in even a single point and become overcomers—wrestle with God till they prevail and receive the blessing."

FORMER ARCH-DUKE OF AUSTRIA TO WED

Vienna, Sept. 30.—Former Arch-duke Leopold of Austria who assumed the name of Leopold Wolfing after renouncing his imperial privileges, announces that he is about to marry Maria Magdalena Ritter, a native of Silesia at Zurich. Some years ago he married Mile. Adamovics, an obscure actress whom he divorced when she joined a fanatical religious sect.

He accompanies the announcement of his coming marriage with severe censure of his sister, the ex-crown princess of Saxony who a few days ago married in London an Italian pianist of the name of Toselli. He bases his censure on the great difference in the couple's ages, the ex-princess being older than Toselli.

RAILROAD RUMBLINGS

New Hocking Time Table in Effect.

MYERS LOSES DIAMOND

While Switching Cars in the Fostoria Yards,

Harry Bowman Erie Brakeman Meets with Painful Accident Saturday at Ohio City.

New time table No. 33 of the Hocking Valley went into effect at 12 o'clock noon yesterday. The new table effects no changes whatever in the running time of trains but calls for the enforcement of certain new rules especially in connection with the passenger service.

Passenger service has been discontinued on Erie train No. 14 and on account of this, the sleeping car now handled by this train will be carried on train No. 24 for Huntington and returned on No. 9. Erie coach No. 1093 has also been ordered to Marion to be used on train No. 9. No. 12 will handle an extra coach from Chicago to this city. The above changes were made public through bulletins posted in local offices this morning.

Erie train No. 3 was three hours late this morning caused by extremely heavy traffic.

B. W. Myers, Hocking Valley conductor with headquarters in the city lost a diamond valued at \$200, while switching cars in the yards at Fostoria, Ohio, yesterday. The stone was set in a ring, and Myers is of the opinion that it dropped from the setting while he was throwing a switch.

Mr. J. Sullivan, auditor of the Hocking Valley with headquarters at Columbus was in the city for a short time this morning looking after business.

Roy Knabenshine and his air ship passed through the city yesterday on train No. 4 enroute from Cincinnati to Boston. The big air ship occupied a special baggage car while Knabenshine and his associates numbering ten in all, occupied a special coach.

An Erie special running as second No. 10 passed through the city this morning. The train consisted of fourteen coaches, ten pullman and four baggage, occupied by general army officers bound for Canton to attend the unveiling ceremony of the McKinley monument.

Harry Bowman, an Erie brakeman, well known in local railroad circles, met with a serious accident at Ohio city, Saturday. While attempting to board a freight car he slipped and fell, fracturing and dislocating the bone of the left elbow.

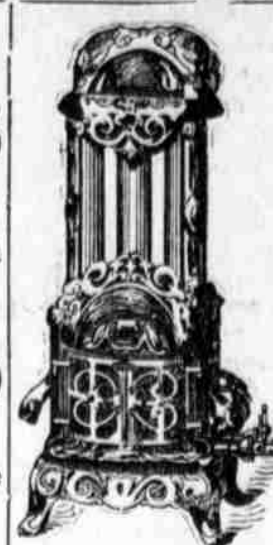

Robert E. Crowley, a passenger conductor on the Indianapolis division of the Big Four, resumed his run this morning after a lay off of nearly six months on account of sickness. Crowley is one of the oldest as well as best known conductors on this division of the Big Four.

According to a report from Galion T. J. English, a former official of the Big Four railroad has been promoted to assistant to the general manager of the Erie road. The order calling for the promotion was issued Saturday.

The New York Central railroad has issued an order to the effect that no locomotive engineer who has not the use of both eyes will be promoted to the position of a passenger engineer. The majority of the men affected by the ruling already have good runs but under this law, they cannot hope for anything better and a passenger run is preferred above all others.

Fled from Missionaries. Missionary work among the British North sea fishermen has its difficulties. The rector of Lowestoft says that when he first boarded a fishing smack five of the men rushed down into the cabin, two jumped into the funnel and another sprang overboard.

Get Income from Flowers. For miles of the valley a vicar in Carmarthen draws \$2,500 from a London dealer, while an old lady in Berkshire is said to make nearly \$5,000 yearly out of Marechal Niel roses.

KELLOGG IS DETERMINED

He Will Take up the Trial Right Where He Left off Thursday.

Flagler, a member of the Rockefeller privy council in order to get the books he most desires in the suit to dissolve the parent company.

"I have no idea of summoning Mr. Flagler at present," said Kellogg. "I shall resume the investigation Thursday at the point where I left off."

Kellogg said he could not discuss his visit to Washington further than to say that he saw the attorney general and took luncheon with the president with whom he talked informally.

THEY NEED AMUSEMENT

Woman Claims Life in the Canal Zone is too Dreary.

New York, Sept. 30.—Many suggestions for the comfort and welfare of government employees in the Panama canal zone, are made in a report to Secretary Taft, made by Miss Gertrude Beeks, secretary of the welfare department of National Civic Federation.

Miss Beeks was sent to the isthmus by Secretary Taft to investigate conditions and she spent twenty-three days there. One of the most striking recommendations is this: "Comparatively few are provided with recreation Sunday, the one day free for relaxation. There should be started some large amusement park, a Coney Island scheme."

"One need is the organization of women's clubs, with definite objects. A canal zone federation of women's clubs could be allied with the general federation in the United States. There could be study clubs, musical, card parties, bowling contests, afternoon teas and small groups to entertain bachelors at dinner occasionally. Such clubs would provide an object in life for the wives of employees and relieve monotony."

Y. M. C. A. School opens tonight.
